

William M. Geideman, MD

Bio

Dr. Geideman received his medical degree from Washington University School of Medicine in St. Louis, Missouri. His orthopedic residency training was completed at Barnes Jewish Hospital, also in St. Louis, Missouri, and his foot and ankle surgery fellowship at Baylor University Medical Center in Dallas, Texas. This training and experience allow him to diagnose, treat and provide surgical correction for injuries, disorders, and diseases requiring complex surgery of the foot and ankle. Dr. Geideman is a member of the American Academy of Orthopaedic Surgeons, the American Orthopaedic Foot and Ankle Association, the Catawba County Medical Society and the North Carolina Medical Society.
