

Stefan A. J. Renaud, DO

Bio

- Dr. Renaud believes in treating the whole person, and when optimized the body can often heal itself. He utilizes a variety of treatment modalities including anti-inflammatories, physical therapy, aquatic therapy, massage, ultrasound, selective injection, and acupuncture when appropriate. Only when non-operative care has failed to relieve the patients symptoms is surgical treatment considered in the comprehensive care plan.
- Fluent in French, Dr. Renaud also travels internationally
